

The Valley County Health System Foundation's mission is to seek, receive and administer donations and gifts for the sole benefit of Valley County Health System.

Our number one priority is enhancing and sustaining high-quality healthcare in Central Nebraska.

Your donations of time, cash and gifts help us fulfill our mission.

Tax-deductible donations are used to make sure medical services are available, technology is current and programs are in place to improve and maintain the health of area residents.

*Together, we can create healthy communities.*

*Together, we can provide healthcare for you, your family and friends, your future.*
