# What Will Your Legacy Be?

There's never a wrong time to plan for the future and determine how you can leave behind a legacy that will positively impact the future of Valley County Health System and our community. You can make a legacy gift to charity, whether you think of yourself as rich or poor, or somewhere in between, your gift can make a difference.

Some people think they must choose between leaving a gift to their family or their favorite charity. You can do both, and some charitable gifts may actually save your family money by decreasing inheritance taxes. More importantly, you are setting an example on the importance of doing what you can for others and those causes that are most important to you.
